

1. This article discusses the common types of 3D printing technology utilized in dental labs and illustrates digital model fabrication from a 3D printer with actual cases and different restorative applications.
 - a. True
 - b. False
2. When dental labs create restorations from digital impressions, the workflow options are not dictated by the restorative material prescribed.
 - a. True
 - b. False
3. Monolithic restorations such as full zirconia, full gold, and e.max CAD crowns can be fabricated only if they have a model.
 - a. True
 - b. False
4. 3D printing technology is related to the first inkjet printers introduced in 1988.
 - a. True
 - b. False
5. 3D printing technology derived from the desire to print materials other than ink.
 - a. True
 - b. False
6. The only two factors to consider when selecting a 3D printer are speed and accuracy.
 - a. True
 - b. False
7. Modular systems are also available that allow you to add additional printers as your volume grows instead of purchasing a unit that provides more capacity than needed for your current volume and planning to "grow into it."
 - a. True
 - b. False
8. The number of team members dedicated to the model printing process depends on the volume of cases and the lab's digital IQ.
 - a. True
 - b. False
9. Most 3D printer manufactures/distributors have spreadsheets that allow you to plug in your lab's unique criteria in order to determine ROI.
 - a. True
 - b. False
10. The author's opinion is this technology will become as commonplace in the dental industry as inkjet printers are for office use currently.
 - a. True
 - b. False

Passing quiz grades are worth ½ point documented scientific credit. To earn CDT credit, once the quiz is completed, send it to the NADL at the address or fax number below or submit this quiz online at www.nadl.org/quizzes. To earn an additional ½ point professional development credit, visit www.nbccert.org to submit your time for reading the accompanying article(s) in the professional development log. Quiz credits will appear on the NBC CDT Online Education Tracking System at www.nbccert.org, which is updated weekly. To earn State of Florida credits, visit www.cebroker.com, log into your account and report this quiz using the CE Broker number at the top of this quiz. This quiz is provided to test the technician's comprehension of the article's content, and does not necessarily serve as an endorsement of the content by NADL or NBC.
