Proper Setup of the 3Shape Virtual Articulator
NBC Approval #39494

1. One of the most important steps in the design of any restoration is proper functional adjustment.
   a. True
   b. False

2. Zirconia should not be ground upon after sintering, or at least ground upon as little as possible. This is to avoid damaging the structure and potentially cause premature failure.
   a. True
   b. False

3. According to the author, the first thing that needs to be done to correct the maxillary position is Tilt the maxilla downward to about 10 degrees.
   a. True
   b. False

4. Cases done on quadrants are particularly problematic since the 3Shape VA offers only full frame articulators which function nothing like tooth guidance on quadrant articulators.
   a. True
   b. False

5. Figure 17 shows the legend for the Occlusal Compass function of the Virtual Articulator.
   a. True
   b. False

6. In the Occlusal Compass, Red is defined as “Laterotrusive”.
   a. True
   b. False

7. In order to see the teeth as they really are, you MUST view them at a slight angle.
   a. True
   b. False

8. The first step to correct the viewing perspective is to utilize the Grid function to accurately determine length and width of the teeth and midline direction.
   a. True
   b. False

9. Figure 22 shows how the arrangement of the teeth varies due to perspective.
   a. True
   b. False

10. The author has been working in the field of dental technology since 1975 and currently owns and operates his own lab in Lakeland, FL.
    a. True
    b. False

Passing quiz grades are worth ½ point documented scientific credit. To earn CDT credit, once the quiz is completed, send it to the NADL at the address or fax number below or submit this quiz online at www.nadl.org/members/JDT/quizzes/. To earn an additional ½ point professional development credit, visit www.nbccert.org to submit your time for reading the accompanying article(s) in the professional development log. Quiz credits will appear on the NBC CDT Online Education Tracking System at www.nbccert.org, which is updated weekly. This quiz is provided to test the technician’s comprehension of the article’s content, and does not necessarily serve as an endorsement of the content by NADL or NBC.
